## Waukesha County Stormwater Database

Leif Hauge

11/14/17

Pond Maintenance Workshop

Waukesha County Department of Parks & Land Use – Land Resources Division

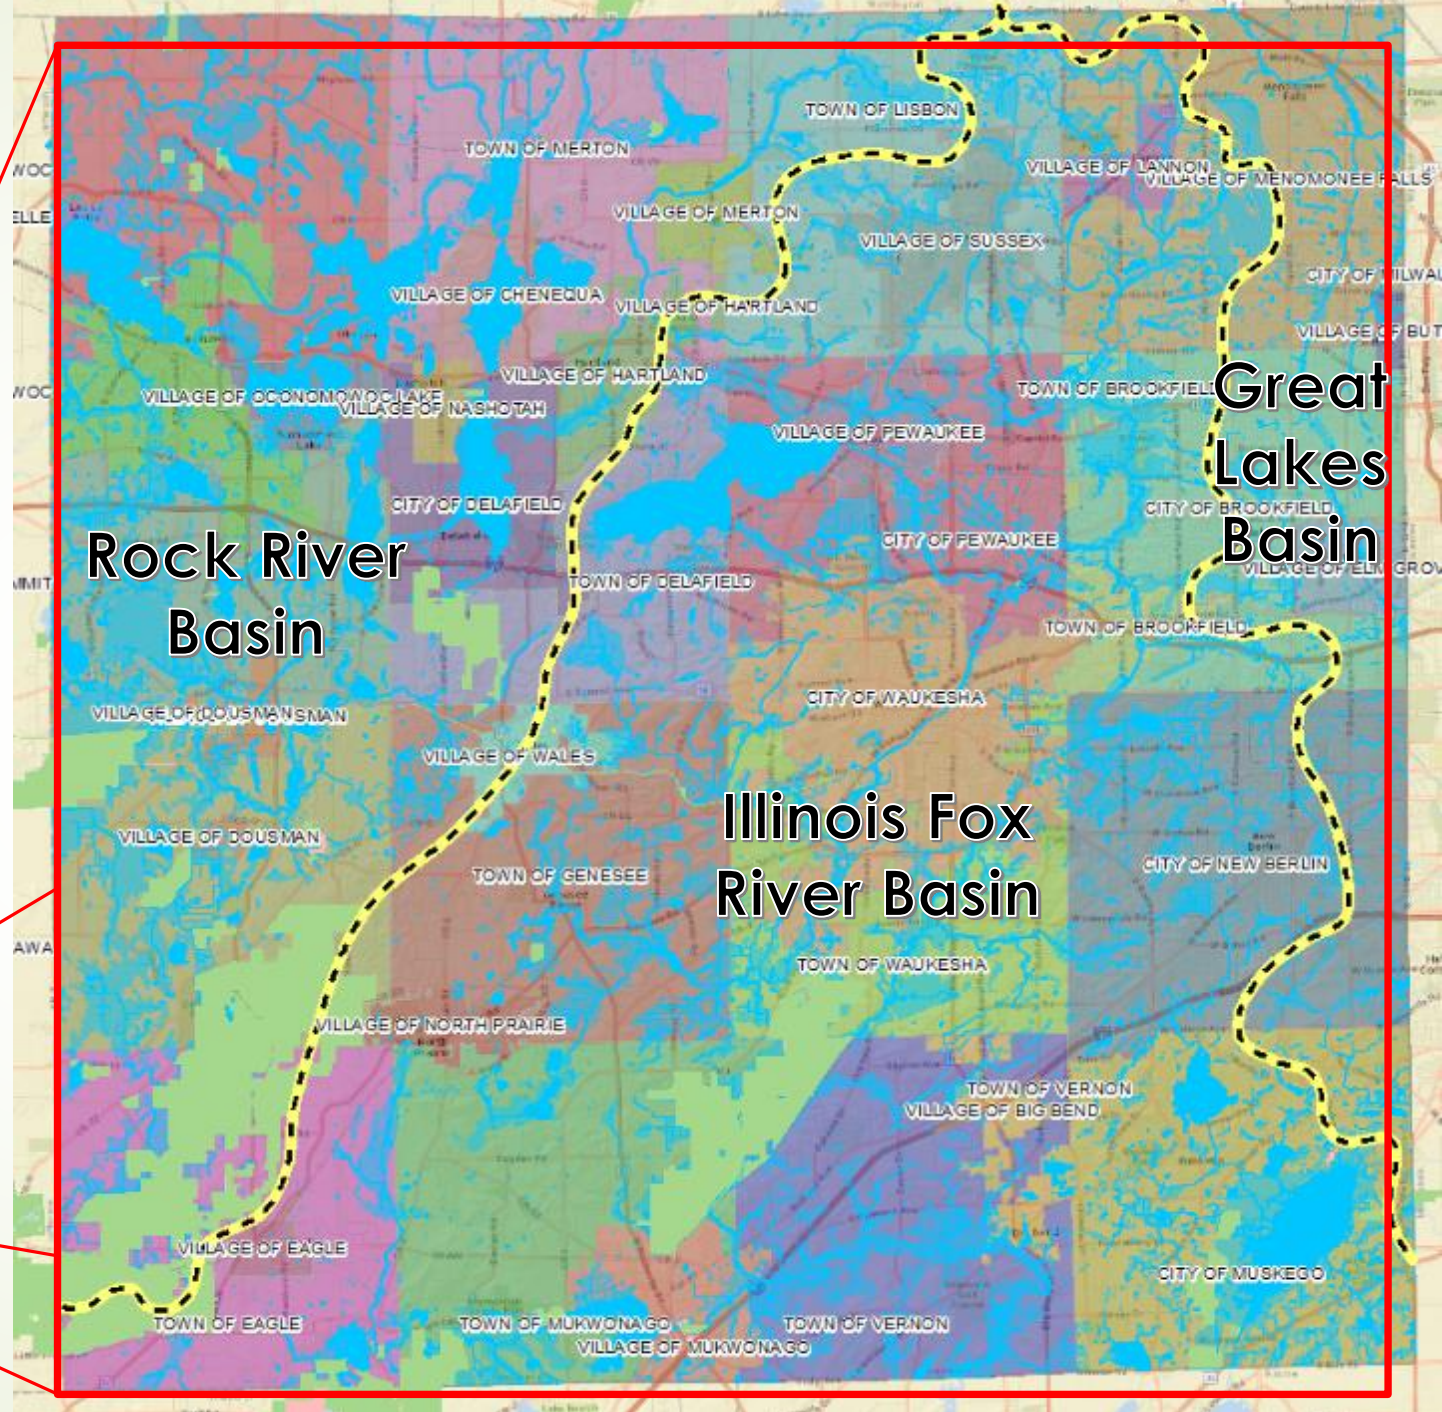

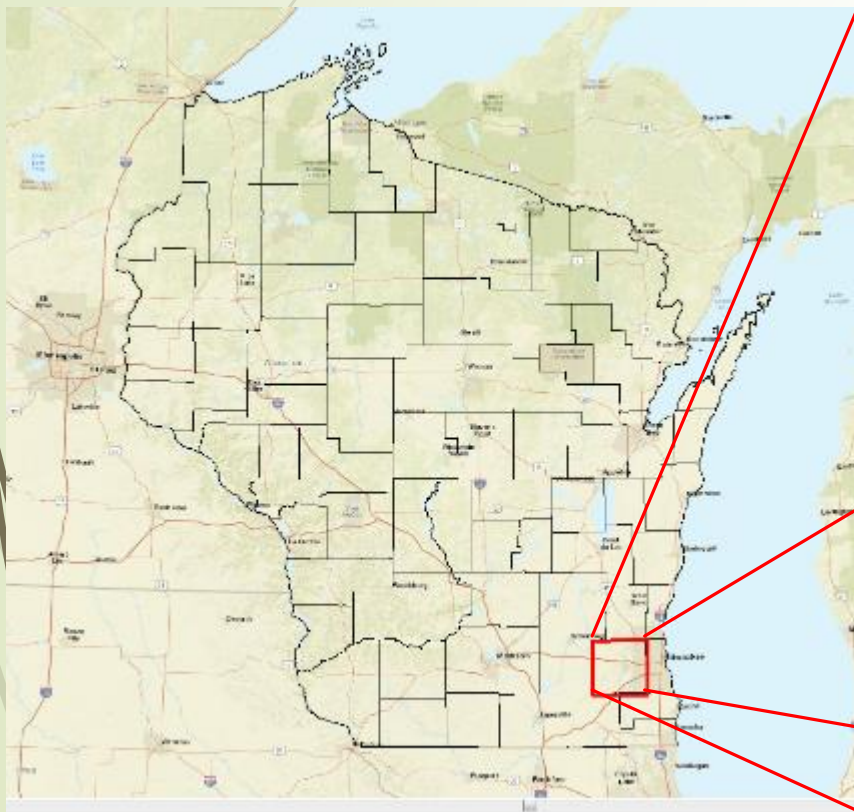

## Waukesha Co.

- 37 Municipalities
- Population 394,000 (approx.)
- Three Major Basins (including the sub-continental divide)

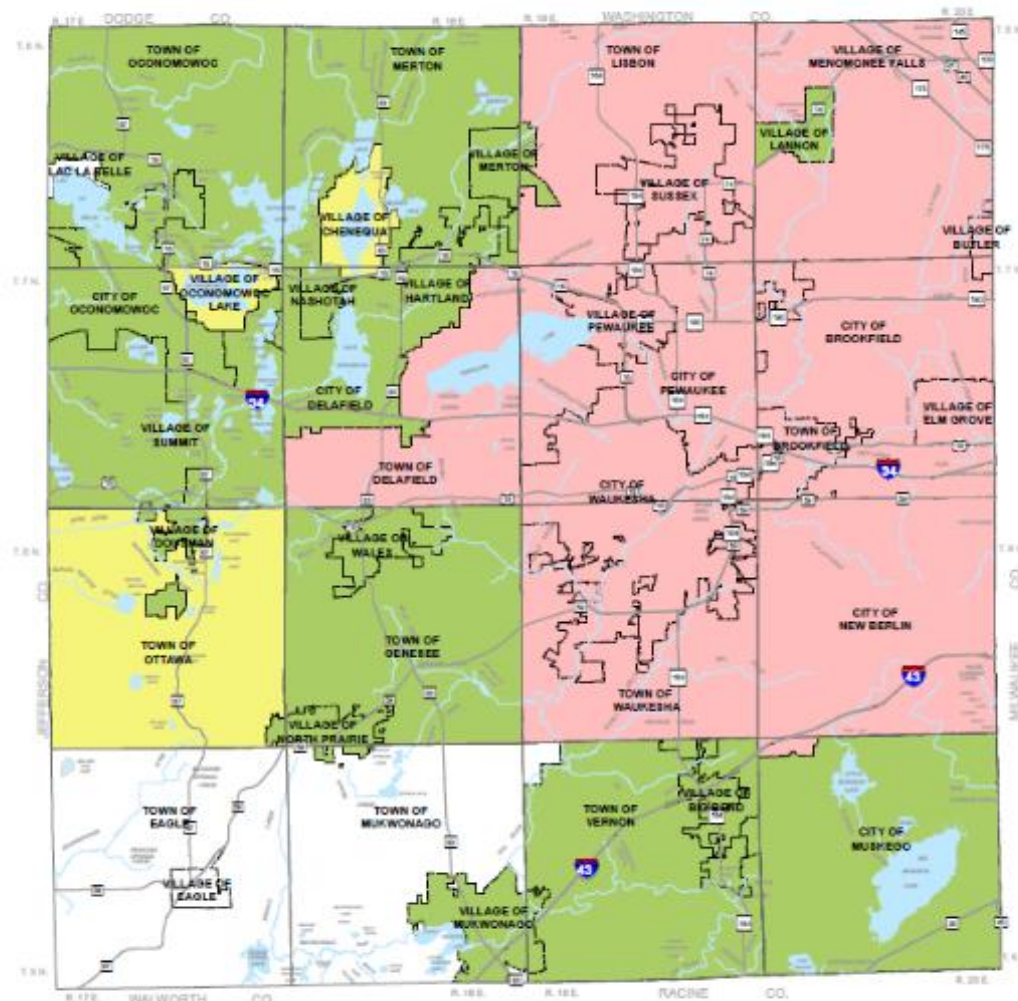

31 Communities,  
including Waukesha  
County are under  
MS4 permit  
requirements.

# MAP IV-2 MUNICIPAL SEPARATE STORM SEWER SYSTEM (MS4) DISCHARGE PERMITS UNDER NR216 WAUKESHA COUNTY: 2012

## Legend

- Phase I Community (13)
- Phase II Community (18 including Waukesha County)
- Exempted Communities (3)
- MS4 Permit Not Required (4)

\*Townships - Only portions meeting the Urbanized Area designation by the EPA

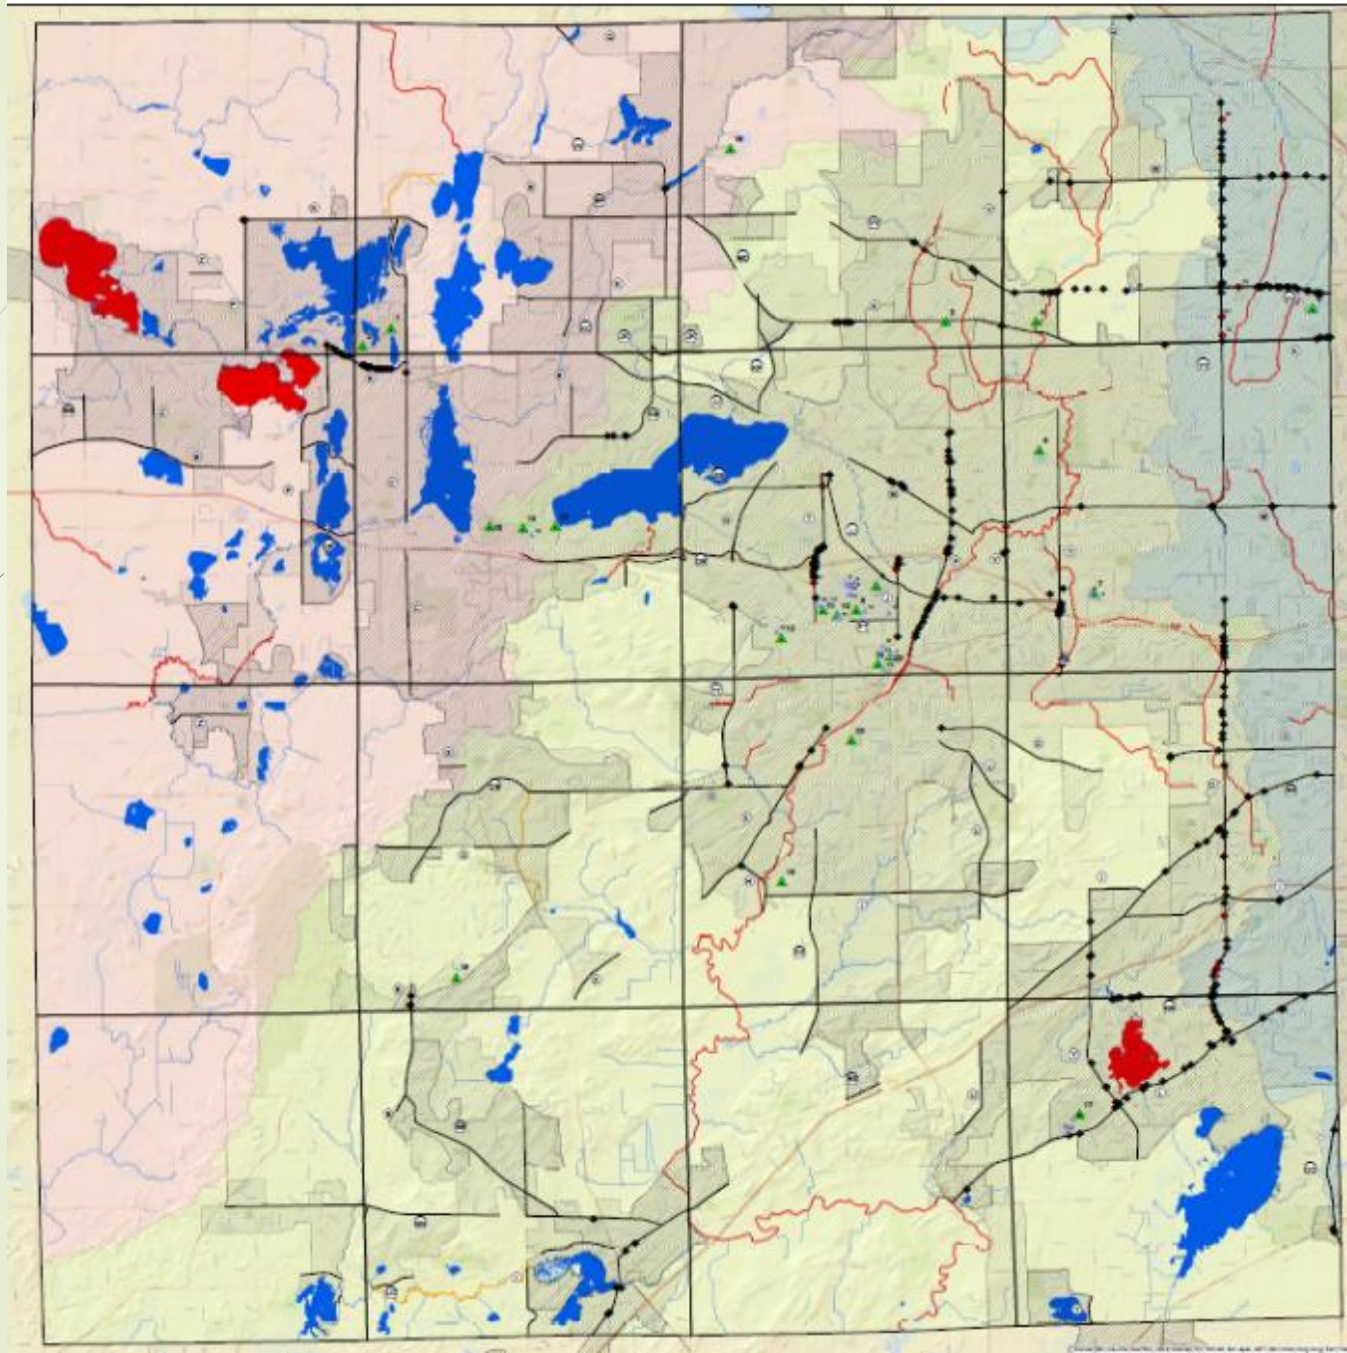

Source: Waukesha County & WDNR

# Waukesha County MS4 Map

# Waukesha Co. Stormwater & Erosion Control Ordinances

1992 – Construction Site Erosion Control

1998 – Construction Site Erosion Control & Storm Water Management

- Water Quality
- Peak Flows

2005 – Construction Site Erosion Control & Storm Water Management

- Water Quality
- Peak Flows
- Volumes (infiltration/reuse)
- Thermal Impacts

2011 – Authorized to Issue WPDES Permit Coverage

2016 – Stormwater Management and Erosion Control Updates

Erosion Control

Stormwater Management

- DNR's USLE Spreadsheet
- Atlas 14 Rainfall Depths and Distribution

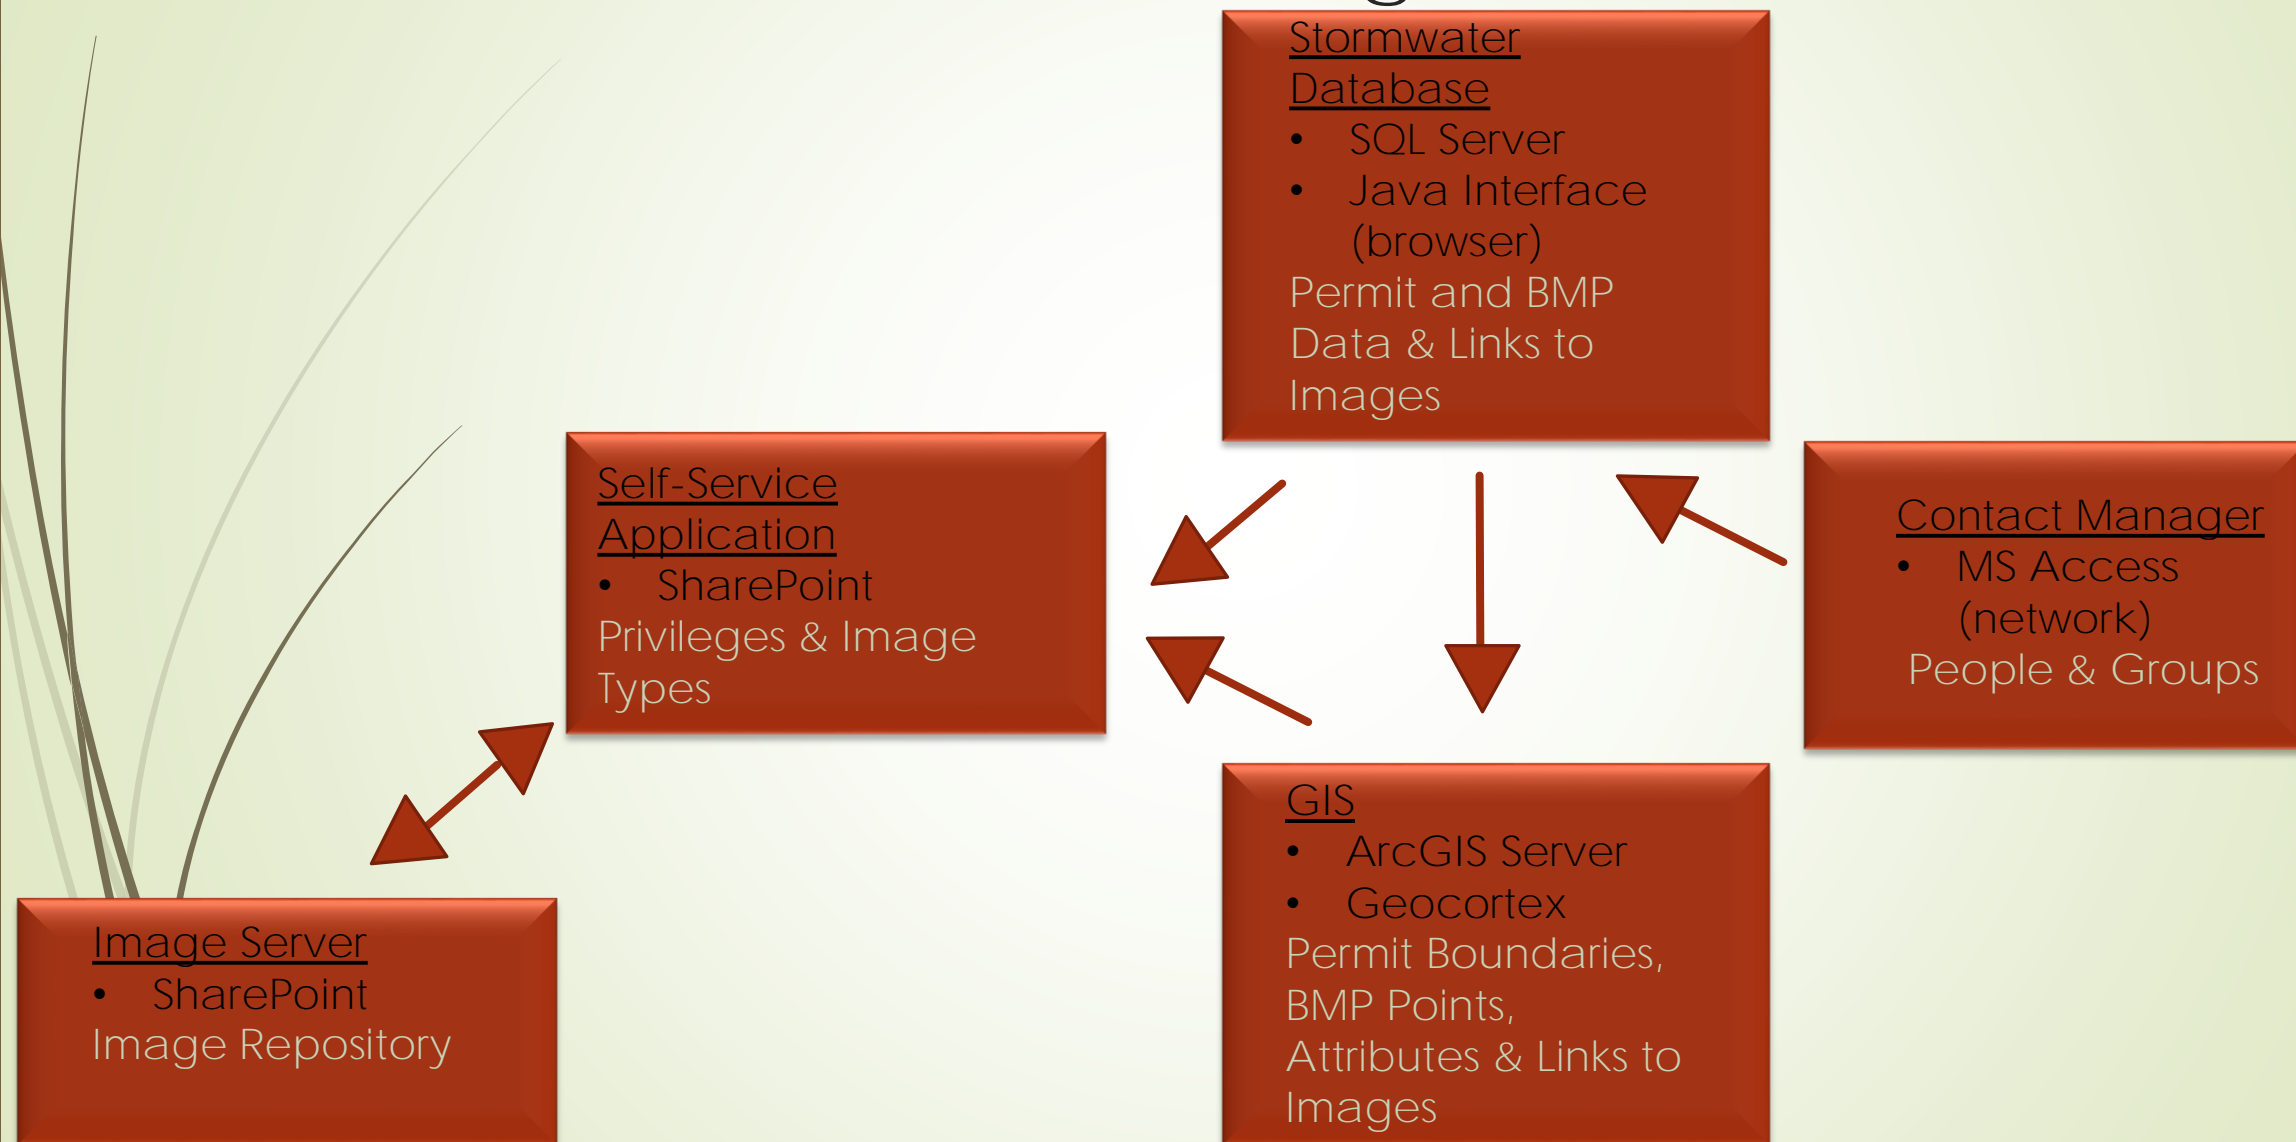

The Waukesha County Board hereby finds that storm water runoff is polluting the water resources of the county. This ordinance is designed to address this concern by requiring all construction sites to obtain a Storm Water Permit and follow an storm water management plan. Failure to comply with this ordinance will result in bad things .....

# Over-simplified stormwater database network diagram

# Stormwater Permits on GIS

Stormwater Permit Boundaries  
are on the County's GIS  
website

- ✓ Permit Status (Pending/Issued)
- ✓ Permit Holder

Data Element	Description
ID number	A unique number for each BMP that is automatically assigned by the database when the record is created
Description	A name given to the BMP which tells about its location and function in the project
Municipality	The city, village or town where the BMP is located, which can be different from the project's municipality
Survey Township/Section/Quarter Section	A description of where the BMP is located using the Public Land Survey System ("PLSS")
Status	A BMP can be tagged as being planned, under construction or in service
BMP Type	The list of best management practices associated with technical design standards
Drainage Area	The watershed that the BMP is designed to serve in acres
As-Built Date	The date listed on the accepted BMP as-built survey
Planned Inservice Date	The date that BMPs listed as planned or under construction will be on-line
Next Planned Inspection Date	The scheduled date of the next inspection to be completed by a qualified inspector
Certification Date	The date on the accepted construction certification letter
Certifying Engineer Name	The name of the Wisconsin licensed professional engineer who certified that the BMP was constructed in accordance with the approved plans and applicable technical standards
Certifying Engineer Company	The company whom the project engineer works for
Watershed/Subwatershed	The names of the nearest named receiving water body and the river basin that it flows into
Hydrologic Unit	NRCS and USGS HUC code
Parcel	The tax key number of the parcel where the BMP is located
Maintained By	A description of the person or group responsible for long term maintenance
Mapping Coordinates	Northings and Eastings in the State Plane Coordinate System, NAD 27, NGVD 29

The screenshot shows the BMP Editor web application. The interface includes a top navigation bar with tabs for Navigation, Editing, and Search. Below this is a toolbar with icons for various map functions like Show Layers, Pan, Zoom In, Zoom Out, Full Extent, Previous Extent, Next Extent, Bookmarks, Identify, Identify Rectangle, and Clear Highlight. A sidebar on the left contains a form to "Add BMP Location" with a text input for "BMP Number" (containing "736") and buttons for "Cancel" and "Add BMP". The main area is a map of a suburban area with a red dot indicating a location. A scale bar at the bottom left shows distances up to 0.2 miles. The word "Waukesha" is visible in the bottom right corner of the map area.
