February 8, 2019

Engineering and Technical Services Division

To Our Lake Winnebago Partners:

As discussed during the January 17 public meeting to discuss the Lake Winnebago regulation strategy, an additional interagency conference call regarding water levels and outflow strategies is scheduled for Tuesday, February 26, 2019 at 2:00 PM (C.S.T). The agenda for the conference call is as follows:

- Introductions and conference call guidelines
- Recap of January and February operations and basin conditions
- Water level and outflow strategy to include drawdown target adjustment
- Question and answer session

This conference call is open to the public. To join the conference call, please dial (877) 873-8017 and enter 5016219 when prompted for the access code. After entering the access code, you will be asked to enter the security code which is 1234. Once you have joined the conference call, please press *6 to mute your phone. You may press *6 again during the call when you wish to speak.

If you have any questions please feel free to call Mr. Keith Kompoltowicz at (313) 226-6442.

Sincerely,

Marie T. Strum, P.E.
Chief, Engineering and Technical
Services Division
